Dorra Group is one of Egypt’s largest private sector groups.

Founded in 1943 as a construction company by the late Eng. Mohamed Hassan Dorra. After being nationalized by Gamal Abdel Nasser, Dorra Group was re-established and through the insightful vision of Egypt’s future, Dorra Group today has navigated its way to sustainability and success.

Flourishing locally into a market leader within many fields, Dorra Group is currently leading in; Construction, real estate development and investment of both residential and commercial developments, and is of equal standing in the International markets of the Gulf and MENA Regions.

وتأتي من أكبر مجموعات الشركات الخاصة في مصر بدأها المهندس/ محمد حسن درة عام 1943 كشركة مقاولات، وبعد تأميم الشركة في عهد جمال عبد الناصر تم إعادة تأسيس نواة المجموعة بنظرة جديدة لمستقبل مصر مما مكّن المجموعة من الوصول الاممیة والنجاح.

وتطورت المجموعة بعمل الجاد ووصلت إلى مصاف الرؤواد في العديد من المجالات في مصر ومنها المقاولات والتطوير والاستثمار العقاري والسياحي كما دخلت بقوة في الأسواق المحيطة وأصبحت مكانة متميزة في المجالات ذاتها.
One of the pioneers of the construction sector in Egypt and real estate development eng. Mohamed Hassan Dorra accumulated an experience of more than half a century serving Construction and Development, starting with his graduation from The Institute of Applied Engineering of Abbassiya (now known as faculty of Engineering, Ein Shams University).

He started his career right after graduation as site engineer in the private construction sector until 1942. In 1943 he founded and managed his own construction company "Mohamed Hassan Dorra Contracting Company", which was nationalized in 1961 but till the day he died on 18/6/1998, he continued his devoted service to the construction sector as Chairman of the board for the Construction and Reconstruction Engineering Company - CRC (Hassan Dorra and Co.).

Throughout his career, he occupied several posts and was awarded many medals and certificates of merit, some most significant are:

- Prime Deputy of the Egyptian Federation of Building and Construction Contractors.
- Member of the People’s Assembly (79-84).

He continues his devotion and extraordinary achievements to tell a remarkable story of success written only through hard work, faith, sincerity and utmost dedication.

Eng. Hassan Mohamed Dorra, is a graduate of the faculty of Engineering, Ein Shams University, Class of 1969. Founding his company in 1971, the Construction and Reconstruction Engineering Co. CRC (Hassan Dorra and Co.), The Corner stone of Dorra Group in its current form.

Fundamentally influenced by his late father’s experience and persistence he bridged the gap between Egyptian and international construction companies through collaboration with numerous internationally acclaimed companies such as Laing, Costain, Dia Neppion, Harpers and Howards, which resulted in various success stories and outstanding projects throughout Egypt and the Gulf region.

Believing in Vertical integration, he founded many feeding companies such as Ready mix Beton Concrete, Orabi Joinery Factory and Fibrex Egypt for Glass fiber reinforced concrete works.

Expanding beyond Egypt Borders, into UAE (Dubai, Abu Dhabi) as well as Qatar, Bahrain and Saudi Arabia, where many prominent projects were completed.

With a vast Construction Experience, he was one of the first to venture into the Residential and Tourism Real Estate Sector in Egypt which resulted in many projects in Zayed City, Al-Shorouk, Sharm El Sheikh and the Northern coast providing homes to both low and high budget demands creating more than 10,000 jobs.

Following his father’s footsteps, he managed and directed the Dorra Group, while maintaining his outstanding devotion and persistence armed with a will polished by difficult times, hard work and a fixed vision to a better future.

CHAIRMAN

Eng. Hassan Mohamed Dorra
A pioneer in the field of construction with a remarkable record of success since its establishment in 1943. Where CRC quickly assumed a prominent position among the existing companies in the construction field in Egypt.

Since the early 80’s, the company expanded internationally in the Gulf Region and adopted a strategy of joining forces through Joint ventures with major international construction companies such as British John Laing International and Costain, the American Harpers and Howards, the Japanese Dia-Nippon and the Spanish Cimy enabling CRC to complete many major projects most efficiently.

CRC is the cornerstone of Dorra Group proudly constructing all Dorra Group Developments in Egypt and the Gulf in the fields of residential, industrial, tourism and real estate developments and investment.
VISION

To become a benchmark construction company of excellence in performance while delivering outstanding value to all stakeholders.

MISSION

In CRC, we honor our history with pride as we maintain relationship with our customers to be the construction company of choice in the MENA region. We continuously strive to find better ways to operate, deliver and maintain various construction projects with outstanding quality, safety and environmental standards. And wherever we establish ourselves, we maintain our responsibility towards the communities that host us.

VALUES

Commitment delivering and fulfilling our agreements with our clients per their expectations and beyond.

Reliance of our stakeholders upon us as they experience the professional and ethical way that we always operate with.

Collaboration among our people using their expertise, loyalty and team spirit is our means for continuous improvement.

Sano – Egypt is a leading company in the field of piles and foundations. Started working in Egypt in 2017 for CRC in Alamein new project using Wire/Rope Crawler Cranes and Piling Rigs (Kelly-Model) for the first time in Egypt with depth up to 65 meters.

شركة صانو – مصر هي شركة رائدة في مجال الأساسات والخوازيق، بدأت في العمل بمصر عام 2017 كمقاول أساسي للشركة الهندسية للإنشاء والتعمير بموقع مشروع العلمين الجديد باستخدام أوناش متحركة ثقيلة وبرمة خوازيق (طراز – كيلي) وهي الوحيدة من نوعها في مصر تعمل حتى عمق 65 متر. تعمل بمصر عام 2017 كمقاول أساسي للشركة الهندسية للإنشاء والتعمير بموقع مشروع العلمين الجديد باستخدام أوناش متحركة ثقيلة وبرمة خوازيق (طراز – كيلي) وهي الوحيدة من نوعها في مصر تعمل حتى عمق 65 متر.
It is one of the most up-to-date concrete mixing plants in the Middle East. It has been established in partnership with Osman Al Ghandour Company who is one of the concrete experts in the Arab world and is a computer operated station. It produces concrete mixture in conformity with specifications determined by the client. Its capacity is 240 cubic meters per hour, that is about 2000 cubic meters of concrete per day. The concrete is moved and lifted to the project sites by a fleet of mixer units.

من أحد أحدث محطات الخرسانة بالشرق الأوسط أنشأت بالمشاركة مع شركة السيد عثمان الغندور من شريكة الخرسانة في العالم العربي، والمحطة تعمل أتوماتياً بالكمبيوتر لإنتاج الخلطات الخرسانية المطابقة للمواصفات التي يحددها العميل بطاقة 240 مكعبًا في الساعة أي حوالي 3 مكعبات يومياً من الخرسانة، ونقل الخرسانة بواسطة أسطول وحدات الخلطات وطلمبات الرفع إلى مواقع المشروعات.
The Group joined the Property Development arena in the early 90's, aggressively innovating the concept of closed gated communities in the West and East of Cairo which has proved to be a major success and standard for all of today's developers in Egypt. Thus a new market need was realized and Dorra Interiors was formed to design and cater to client’s interior needs and tastes, building upon a rich experience and understanding of delivering not just a property, but a home to our communities. Our main goal at Dorra Interiors is to continually strive to provide and serve our client’s with creative, innovative and tasteful finishing’s that are efficient in design, materials quality in finishing and ease of handover for generations to come.
